

Miami Conservancy District's Stormwater Activities

2005 BMP Tour

Coordinate a tour of stormwater BMPs for practitioners

Activity Title: Tour of Best Management Practices

Activity Description: On September 1, 2005 the Great Miami River Watershed Network took a tour of Best Management Practices by visiting several projects of the Mad River Steering Committee.

Start Date: 9/1/2005 **End Date:** 9/1/2005

Result Statement: The projects on the tour included: innovative water treatment processes, agricultural projects reducing nitrate application, in-stream habitat improvements and Ohio Department of Natural Resources' Game Farm demonstrating a wetland and warm season grasses.
