RE: 4th Annual Southwest Ohio Sediment and Erosion Control Field Day

Dear Angela,

We would like to invite WMAO to partner with us once again to sponsor the 4th Annual Southwest Ohio Sediment and Erosion Control Field Day to be held on June 14, 2006 at the Warren County Career Center. This event brings together representatives from the development community, design firms, homebuilders, regulators from various jurisdictions, vendors of current erosion and sediment control products and other varied NPDES Phase II stakeholders throughout southwest Ohio. The event aims to promote soil conservation and stormwater pollution prevention as it relates to the construction industry, showcase current practices and new technologies that are on the market to satisfy the regulatory requirements and also as a forum to discuss current or upcoming trends and regulations. This year's event will also emphasize pre and post construction water quality BMPs.

This event is a great opportunity to promote your organization and at the same time help promote soil conservation and water quality. This year, the organizing committee offers three different levels of sponsorship that allow you to choose your level of involvement:

- Gold (\$500) – Allows you to have your organization/company's logo to be displayed at the most prominent location during the event, a short allotted time to address the audience to promote your organization or product, vendor space/booth, your company/organization logo on the brochure and 2 free admissions to the event (includes lunch)

ok to pay

PO# 3756
1/31/06 # 950
3/13/06

- Silver (\$250) – Vendor space/booth, company name on the brochure and 2 free admissions for the event (includes lunch)
- Bronze (\$100) – Vendor space/booth and 2 free admissions to the event (includes lunch)

If you wish not to sponsor but would like to donate instead, your donation will be greatly appreciated. **Gold and silver sponsorships must be received by April 14, 2006 in order to include your company/organization logo on the brochure for the event.** Please make the sponsorship or donations payable to the Warren County Career Center, Adult Education Department and send to:

Marsha Rolph
Warren County Soil and Water Conservation District
320 E Silver Street
Lebanon, Ohio 45036.
(513) 695-1861

This year we have enlarged our outreach area and are looking forward to partnering with you to stage another successful event. Please contact us for additional questions regarding the event.

Sincerely,

Jennifer Deaton
